

INAS SAMIR SELIM

PERSONAL STATEMENT

I am an Architect and a proud graduate of Mansoura University, Faculty of Engineering, Department of Architecture. I completed my Bachelor of Science in Architecture with distinction, earning a "Very Good with Honors" rating and graduating as the 13th ranked student in my class. From 2016 to 2019, I held a demonstrator position in the Department of Building, Construction, and Environmental Engineering (BCE) at Mansoura University's Faculty of Engineering. In September 2024, I was awarded a Master of Science in Architecture. Professionally, I have contributed as a designer to numerous large-scale projects, encompassing urban planning, architectural design, interior design, and landscaping. My expertise spans a wide array of sectors, including residential, educational, commercial, recreational, and administrative developments, collaborating with prestigious firms both within Egypt and internationally. From October 2021 to June 2023, I worked as a Senior Architect at Makram Architects Office in Mansoura, where I honed my skills in innovative design, project coordination, and team leadership. Through these roles, I have developed a profound understanding of architectural principles and the practical execution of complex design solutions.
